

Conference Call Agenda

February 27, 2006

9-10:30am

- 1) Welcome and Introductions
- 2) Call for Additions and Revisions to the Agenda
- 3) UC IL CIG WebSite

Web Content Group:

- a. Should we add a blog or wiki to increase our use and/or visibility?
- b. Review of WebPage hit Counts (attached)

4) Assessment Working Group

Members: Kari Lucas, Sarah McDaniel, and Patti Caravello

- a. Charge: Using the "Draft UC Information Literacy Programs' Evaluation and Student Outcome Assessment Activities" document as a resource, recommend what information the IL CIG should collect about campus libraries' information literacy assessment activities and what methods will be the most effective to collect the desired information.

Possibilities to explore include, but are not limited to, recommending approaches to summarizing key issues for specific projects or strategies and/or adding elements to the annual survey of UC libraries' information literacy activities.

The final report will include a recommendation on the best methods to gather information effectively and efficiently and deliver the content in a way that will be useful to instruction coordinators in the UCs.

- b. Setting a new due date possibly 3/22/06?

5) Annual Information Literacy Survey

Survey Group:

6) Infusing Information Literacy throughout the UCs: Programmatic Considerations and Practical Approaches. Let's review what is planned and discuss a plan for the best implementation of these ideas.
