2. SCP Update (Shi/Becky)

Becky finished cataloging four more AESD Databases. Please alert her if you become aware of any SFX url problems.

Shi reported that the CoUL group sent a proposal regarding a Shared UC ILS System. Taskforce will discuss at September 28th meeting.

3. Representing HathiTrust Resources in Local ILS (Shi Deng/Trina Pundurs)

Paul Fogel at CDL asked if the document "Representing HathiTrust Resources in Local ILS," a guideline for local campus adding HathiTrust records to their catalogs, can be posted on CDL SCP documentation web page. SCP-AC pointed out that campuses would not search such a document on SCP website. SCP-AC agreed that HathiTrust links should not appear on the SCP website.

Shi wanted to know if campuses are systematically adding HathiTrust records to their catalogs (especially since not all HathiTrust records are full text).

SB and UCD reported that they were adding records for full text resources.
