1. Announcements (All)

- a. Survey of any new agreements for new ILSs
 - i. UCSC – still in procurement, so cannot make an announcement
 - ii. UCR – ALMA/PRIMO
 - iii. UCSD – III Sierra
- b. UCSB will be interviewing candidates for the new UL position on Nov. 28, Dec. 5, Dec. 8. So far the candidates' names are being kept confidential
- c. Shari Laster is leaving UCSB for Arizona State University
- d. UCD is currently reviewing the paperwork of candidates for AUL for Scholarly Resources (which includes Technical Services)
- e. UCSD is interviewing candidates for the UL position. Interviews are confidential

2. SCP Update (Shi/Becky)

- a. Lexis Nexis transition to Nexis Uni
 - i. 1,200 PIDS have been converted through the PID service
 - ii. The new interface is pretty sparse in information. Title is on the right-hand side. For information about the serial:
 1. Go to Advanced search on the left-hand side
 2. Click on the "i" button
 - iii. Have turned on all SFX for Nexis Uni. Along with 1200 records with PIDs, anything that currently has an SFX link now goes to Nexis Uni
 - iv. Will be removing about 1,000 Lexis Nexis titles that are no longer available. However, over a period of time we will be adding thousands of more titles. So will see more new records and deletes
- b. Natural Science Database
 - i. Action: Jared at UCD should talk to Kevin Balster about help with Natural Science serials
 - ii. Becky already sent Kevin her instructions for cataloging a similar set, AESD.
- c. Use of single or separate records for serials – survey of group

- i. UCSB, UCR, UCD use separate records for print and online
 - ii. UCSC, UCI, UCSF use single record approach
 - iii. UCSF has used single record approach, but may need to split them in order for them to function well
- d. If anyone updates an SCP master record, please let SCP know so that they can make sure it gets included in an update file. All that is necessary is the OCLC number for the updated resource
 - i. Serials: contact Becky
 - ii. Monographs: contact Donal
- e. Survey of who uses Worldshare Collection Manager update service
 - i. Most campuses indicated they do not use the service
 - ii. Becky pointed out that you can control your profile to receive updates only on what you want the system to send, e.g. for serials, it is important to know when a serial ceases (pub status changes from c to d)
 - iii. Action: Becky/Shi will look into having a demonstration on how this works at a CMCKG meeting. They would invite the SCP-AC list as well.

3. Other topics?

- a. Meeting times for January and February conflict with MLK Jr. Day and Presidents' Day
 - i. Doodle poll or further discussion later
- b. Action: Everyone should review the September notes that were sent out, and make corrections
