

Topics

1. General
 - Where to go for training and documentation
 - Basic concepts
 - Comparison across codes: pre-AACR, AACR2, CSR, RDA
 - Identifying records
 - Authenticating new records/maintaining records: when to convert to RDA and when to create a hybrid record
 - ISSN & CONSER
 - Non-Roman script in records
2. Describing a continuing resource: Parts of the record
 - Repeatable publisher, distributor, or manufacturer statement (MARC 264 field)
 - Relationship designators for relationships between persons, corporate bodies, families
 - Relationship designators for relationships between work/expressions or manifestations
 - Title changes and linking relationships
3. Describing a continuing resource: Special cases
 - Online resources (Provider-neutral)
 - Single- v. separate-record approach
 - Authenticating a print serial based on an electronic surrogate
 - Print reproductions
 - Microforms
4. Changes to Serials:
 - Work-level changes for serials require a new WEM records for
 - change in responsibility
 - major change in title
 - Manifestation-level changes: require new manifestation records for:
 - mode of issuance
 - media type (noting that both CD/DVD and online are one media type)
 - edition statement indicating significant change to scope or coverage
 - Expression-level changes do not require new description. Includes: Content type, Language, Supplementary content (indexes), Summary
5. Changes to integrating resources:
 - Work-level changes for serials require a new WEM records for
 - change in responsibility
 - Manifestation-level changes: require new manifestation records for:
 - mode of issuance
 - media type (noting that both CD/DVD and online are one media type)
 - edition statement indicating significant change to scope or coverage
 - re-basing for an updating loose-leaf
 - [Expression-level changes do not require new description. Includes: Content type, Language, Supplementary content (indexes), Summary]
6. Changes within a record:
 - How to think about maintenance of records: Hybrid records
 - Issuing bodies
 - Frequency
 - Ceased in print/continued online

Template for Presentations

1. What is the issue being discussed?
2. What did we do in AACR2/CSR?
3. What does RDA tell us to do?
4. CONSER best practice
5. Specific RDA/LC-PCC PSs
6. MARC coding
7. Examples
8. **Not yet decided (RDA proposals, PCC RDA task groups, known problems):
be sure to make transitory status clear by marking slides: **As of** [date]**
9. FAQ (What if I have ...)
