1. Announcements

- LC PS – Increasing number of PCC practices showing up.
- Lorelei Tanji has been appointed permanent UL at UCI. She will start Oct. 1st.
- Search committee has been appointed for UL at UCLA. Closing date is end of October.

2. NGM Update (John)

- John was unable to join the call and forwarded the following info below about the special UC-only webinar on WorldCat Local that OCLC is providing this coming Thursday (9/20):

Transforming Discovery and Resource Sharing with OCLC: FirstSearch, WorldCat Resource Sharing and More

The event is scheduled for Thursday, September 20 at 11:00 – 12:00 PDT.

3. SCP Update (Adolfo/Becky)

- EEBO serial records were sent out to each campus on 9/17/2012. No issues were reported.
- EEBO monos: UCLA had some error reports that they will look into and forward information to SCP for action as needed.
- UCSB and UCD have loaded their EEBO files.
- POT5 is in the process of compiling a report on the survey on the setting of SCP cataloging priorities. People were mostly interested in what the specific SCP cataloging priorities were, what packages SCP was cataloging, and how many titles were cataloged for a particular package. POT5 will probably recommend that survey be sent out again in 6 months to a year.
- JSTOR 11 is coming up. Over 100 titles.

- UCSD: Moving forward with FRBR/RDA training program. Three FRBR sessions in October. Five or six RDA sessions in November. [Update: UCSD's training schedule has slipped; now scheduling these trainings for before and after ALA midwinter]
- A number of deletes have been received from various vendors. They are being processed and will be sent out.

Next meeting:

October 15, 2012 – 2:00-3:30 pm

Recorder: Sarah Gardner
