

University of California Libraries  
 Master Planning Progress Report  
 Prepared for the April 29, 2003 SLASIAC meeting

<b>Program Area</b>	<b>Description</b>	<b>Progress to Date</b>
<b>Collection Management and Coordination</b>	Broader planning strategies, including shared collections, digitization activities (including digital preservation planning) and last copy policies, continued improvement/expansion of resource sharing programs, review of issues in “owning” and accounting.	<p>At the Feb. 28 meeting, SLASIAC endorsed Resolution E, Collaborative Leadership and Support for the Planning and Implementation of Shared Library Collections</p> <p>Implementation of a shared print collection for the Elsevier and ACM print copies received as part of UC’s electronic subscriptions.</p> <p>Task Force on Government Information has been established.</p> <p>SOPAG and the ULs support reprogramming of preservation funds to establish a centralized UC Library preservation repository service (at the CDL).</p> <p>White papers on “Collection Management and Coordination” and Developing a Shared Collection” from the CMPG Steering Committee</p> <p>Staff work continues on issues of ownership and counting.</p>
<b>Shared Facilities</b>	Examination of the roles and capacities of the RLFs and other shared facilities in support of shared collection strategies and new program initiatives. Includes governance and management, the use of the RLFs to assist the campuses in collections and facilities management, and contingency planning in the event that growth of RLFs is curtailed after SRLF Phase III.	Task force formed by University Librarians to review the governance, organization, funding, new roles for RLFs.
<b>Library Budgeting Practices</b>	Characterization of current budgetary policies and practices for libraries, identification of intersections with Universitywide budget strategies generally and in specific program areas (e.g., enrollment growth, instructional technology), and development of strategic approaches to support shared collections and services while sustaining campus library programs.	Discussed at SLASIAC 2/28; staff work continues.
<b>Scholarly Communication</b>	Promoting constructive change in scholarly communication through support of scholar-led experimentation, provision of infrastructure for new methods of scholarly communication, and education of faculty.	<p>A letter will be sent to Academic Senate Division Chairs asking each to nominate a small number of faculty members (expect 5-7) to participate in regional seminars in Fall, 2003.</p> <p>Draft of “Frequently Asked Questions” will be revised before Fall seminars.</p> <p>Plan to promote/expose the issues on the new UC Libraries web site</p>

University of California Libraries  
 Master Planning Progress Report  
 Prepared for the April 29, 2003 SLASIAC meeting

Program Area	Description	Progress to Date
<b>Shared Services</b>	Coordinated strategy for development of shared services, complementing shared collection strategies.  Specific examples include: <ul style="list-style-type: none"> <li>• Services in support of undergraduate instruction, and information literacy programming</li> <li>• Collaborative development of user tutorials and training programs</li> <li>• Ongoing development of <i>Request</i> and Desktop Delivery (Resource Sharing Committee), and Access Integration (SOPAG)</li> </ul>	Beginning to realign CDL as provider of layered or distributed content and services.  SOPAG charged HOPS to establish a CIG as a result of a recommendation from the University Librarians in September 2002. The TF will determine what IL initiatives are underway; consider how to collaborate among campuses; propose training. (See: <a href="http://www.slp.ucop.edu/sopag/informationlitcigcharge.html">http://www.slp.ucop.edu/sopag/informationlitcigcharge.html</a> )  LAUC has charged an Information Literacy Task Force
<b>Technical Integration of Digital Libraries</b>	Integration of library technology strategies with campus and Universitywide plans and architectures for instructional and research technology and services.	SLASIAC heard a report on 2/28/03 regarding the work of the Information Technology Infrastructure Task Force
<b>Development of Vision and Advocacy Statements for UC Libraries</b>	UL Planning vision statement  Funding arguments for library planning	Reviewed 2/28/03; for inclusion in final report.
<b>Communication and Research Support</b>	Strategies to ensure staff support for planning activities undertaken by SLASIAC and the University Librarians, and to ensure effective communication and consultation about goals, processes, and recommended outcomes with key constituencies within and outside the University.  May include: <ul style="list-style-type: none"> <li>• Review and alignment of current library statistical reporting requirements and practices</li> <li>• Development of assessment and reporting practices to support systemwide library planning</li> <li>• Tracking Web site to assemble and monitor status of planning activities</li> </ul>	UC Libraries Web site, discussed at SLASIAC 4/29/03.  At the Feb. 28 meeting, SLASIAC endorsed Resolution F, Publication of Data on Cost, Use, and Quality of UC-Licensed Electronic Journals
<b>General Items</b>	Benefits of the CDL and Systemwide Library Programs	January 29 draft of report available at: <a href="http://www.slp.ucop.edu/documents/Expanded_Progress_Report.pdf">http://www.slp.ucop.edu/documents/Expanded_Progress_Report.pdf</a> (revised report will be available soon); for inclusion in final report.
