Report from SAG 3

Submitter: Diane Bisom, SAG 3 Chair

Report Period: May - June 2014

(In red if not to be communicated externally)

SAG Activity Highlights

- SAG 3 Task Force: Shared ILS/RMS Investigation Task Force
    - In preparing the report, consultant Marshall Breeding has been collecting statistical and other operational data from the campuses. Externally, he is talking to vendors and other consortia similar to UC.
    - He will meet with CDL in early July to gain additional perspective on key issues
    - The draft report to SAG 3 is expected July 16, 2014; the final report to SAG 3 is anticipated by August 6, 2014.
    - The report to CoUL is anticipated by mid-September 2014
- Shared Print Strategy Task Force (SPSTF)
    - Shared Print Manager Emily Stambaugh joined the May 14, 2014 SAG 3 call to continue discussion on the draft Road Map, "UC Shared Print Recommended Directions to Pursue: A RoadMap for 2014-2018."
    - SAG 3 provided guidance and comments on the overall direction of the Road Map, and on the specific initiatives outlined. SAG 3 noted in particular: "We are concerned that the Road Map and corresponding timeline...is far too ambitious. Given the workload implications for every campus, we believe that each of the project timelines need to be extended to allow ample time for the recommendations to be developed and socialized as widely as these will need to be for implementation. In some cases further detail about what is proposed is needed before campuses feel comfortable endorsing an associated timeline."
    - SAG 3 Member Martha Hruska has been appointed as the SAG 3 liaison to the SPSTF.
- Collection Librarian/Bibliographer Groups Proposal
    - SAG 3 continued development of the proposal for the bibliographer groups.

    - Following incorporation of feedback and comments, SAG 3 will distribute the draft broadly to the UC Library community for comment.

- NGTS Pilot Projects
    - NGTS E-resources pilot: Summary report completed; the team will be discharged with thanks. SAG 3 is preparing recommendations to CoUL about next steps.
    - Following the conclusion of the E-Resources pilot, SAG 3 will have concluded the outstanding NGTS project assignments, and will prepare a communication to be distributed to the UC Libraries community.
- SAG 3 Task Force: Audio/Visual Preservation Task Force
    - Task Force was appointed May 9, 2014
    - Charge was posted to the SAG 3 website: http://libraries.universityofcalifornia.edu/groups/files/sag3/docs/UC-Audiovisual-Preservation-Task-Force-charge.pdf
- CA.Gov Web Archive Cost Share Proposal
    - Rosalie Lack (CDL) and Julie Lefevre (UCB) joined the SAG 3 May 14, 2014 conference call to review their proposal for archiving the CA government website. SAG 3 approved the proposal; it was forwarded to CLS for further approval and implementation.

CLS Activity Highlights (Prepared by Kerry Scott, Chair, CLS)
