

## **CAMCIG Conference Call Minutes**

**February 4, 2008**

**2:30-4:00 pm**

**Present:** Linda Barnhart (UCSD, convener), Brad Eden (UCSB, HOTS Rep, recorder), Sara Shatford Layne (UCLA), Karleen Darr (UCD), Rebecca Doherty (CDL), Bea Mallek (UCSF), Manuel Urrizola (UCR), Jim Dooley (UCM), Vicki Grahame (UCI)

Absent: Lai-Ying Hsiung (UCSC)

### 1. New approaches for systemwide cataloging initiatives document

General discussion ensued on this. Some interest was expressed in doing a SWOT analysis, some interest was expressed regarding the state/federal documents idea. Other discussion topics: working on levels of cataloging in collaboration with selectors. No new ideas were generated. Everyone agreed that this document can and should be shared locally with cataloging staff, and that we would add discussion of this document to each monthly call to see if there were any new comments. For now, it was agreed that this document would not be put up on the CAMCIG website.

### 2. Standardizing local bib data update

This survey is still being worked on.

### 3. WorldCat Local developments

Holding symbols for “---ER” have been established, and the mass digitization symbol (CDLER) establishing is underway.

Missing records progress: no update

Further updates on reclamation and batchloading projects:

Riverside: on hold

Berkeley: sent files to OCLC

SB: getting ready to send database to OCLC in next two weeks

Merced: still no response from OCLC on batchloading

### 4. SCP budget update

SCP is part of a group of services that has overspent the Resource Sharing line, and is being asked to find a \$48,000 cut by the ULs. A task force will be sending ideas to HOTS this month.

### 5. Theses and dissertations policy

Has been posted to CAMCIG website.

### 6. Guidelines for Bibliographic Records for Preservation Microform Masters

Hope to have report from this group at next conference call.

Next phone call: Monday, March 3, 2008

Recorder: Jim
