

Uniform Fee Schedule for Non-UC Deposits

Effective January 2023

Approved by the SLF Board December 16, 2022

The SLFB Operations and Planning Committee members have reviewed the existing Fee Schedule for Non-UC Deposits. Established in 1991, the uniform fees were based on the RLF operating expenses and workloads for 1) accessions of new deposits, 2) circulation and document delivery service, and 3) collection maintenance functions. The fee schedule was revised in 2008 to reflect increasing costs for services covered.

Once again the schedule has been revised to reflect the increasing cost of labor over the past 14 years and longer materials processing time due to implementation of a UC system-wide ILS combined with a new inventory management system. Some fees remain unchanged due to low volume of requests and/or stability in cost of activity.

The Share Library Facilities Board (SLFB) will review these fees in one year to assess their appropriateness for the future.
