University of California (UC) Libraries & UC Office of the President (UCOP) Statistics
Fiscal Year 2022-2023

The University of California (UC) Libraries have maintained annual statistics regarding collections, operations and select services for over 75 years; some of these statistics are also utilized by the UC Office of the President (UCOP) for Regents reporting and risk management reporting.

With the successful systemwide migration to the Ex Libris Alma and Primo products, the Alma Annual Statistics Analytics Project Team (AASA-PT) was charged in 2022 to determine the extent to which the libraries can meet our shared data reporting obligations through harmonizing and centralizing data outputs in the Alma Analytics Network Zone. The project team held dual goals of improving the quality of our data reports and reducing the associated systemwide workload. [AASA-PT's May 2023 report and recommendations](#) were endorsed by the Council of University Librarians (CoUL), Direction and Oversight Committee (DOC) and SILS Leadership Group (SILSLG).

The following UC Libraries annual statistics summary was largely generated from the UC Alma Analytics Network Zone, but also includes some campus institution zone and non-Alma (e.g., local manual counts, affiliates on separate integrated library systems, etc.) generated statistics. Holdings stored in UC's regional library facilities (RLFs) are attributed to the applicable campus depositor. For campuses with affiliates, affiliate RLF holdings are currently attributed to the general campus statistics; for next year, affiliate RLF holdings will be attributed to the applicable affiliate. Each campus' electronic licensed content statistics also includes the shared licensed content that is activated/available for their local users. For this 2022-23 summary, withdrawal statistics have been removed due to data inaccuracies.

Harmonizing and centralizing annual statistics reporting will continue to be an iterative, consensus-led process. The 2022-23 statistics generation and summary is still considered a prototype, and feedback is welcome and can be directed to the [UC Libraries SILS AASA-PT Wiki](#).

This statistics summary is based on a detailed statistics summary compiled by AASA-PT. The detailed statistics tables are available to UC Libraries employees at <https://drive.google.com/file/d/1fOKQKMoLNAQ1HxrPRHBIIxKDHcVMxyD/> (if you do not yet have access, you will be prompted to request for access).
